Good afternoon John and Lisa,

I have been asked by Julianne Nassif to forward to you the 4<sup>th</sup> quarter drug analysis information for the Boston/Amherst laboratories in anticipation of the Forensic Science Advisory Board meeting scheduled for tomorrow. I have attached the case and item information for October, November, and December 2009.

Most unfortunately, no one is able to represent the Boston/Amherst laboratories tomorrow at the meeting due to scheduling conflicts. However, should you need further information, or if you have any questions, please do not hesitate to be in touch.

Many thanks for your hard work,

Elisabeth
